## Club Focus:

The Dawson Football Booster Club supports the Dawson Football Program by promoting sponsorship, fundraising and volunteerism. Our members give time, money and resources to help support the various activities scheduled throughout the year.

The Dawson Football Booster Club supports the educational policies set forth by the Pearland Independent School District. We recognize the role sports and extracurricular activities play in the total education of our student athletes and we see these activities as an integral part of the total educational process, yet understand they should never be placed in priority over academic responsibilities.

The Dawson Football Booster Club understands there are many positive benefits – most of which are life-long lessons – that are provided to our players as a result of their participation in sports and extracurricular activities:

Scholarships	Self Discipline	Self Confidence
Self Esteem	Goal Setting	Perseverance
Teamwork	Overcoming Adversity	Fair Play
Work Ethic	Leadership	Being an Ambassador

The Dawson Football Booster Club recognizes these benefits, and has devoted their mission to helping our student athletes learn and accept the role they play.

The Dawson Football Booster Club recognizes the importance that community involvement has to any successful program. We are fortunate to live in a city like Pearland that is rich in tradition, support and family values. We look forward to continuing the traditions with our players, students, and fans as we kick off a new season of Eagle Football!
